No. 205

THE FIRST PROVINCIAL CABINET PREMIER RUTHERFORD SELECTS HIS COLLEAGUES

Hon. Cross, Cushing, and Findlay the Ministers—Dr. De
Veber Without Portfolio.

Premier Rutherford has presented the names of his cabinet ministers to the Lieutenant-Governor and received the approval of His Honor. The cabinet is to be as follows:

Hon. A. C. Rutherford, B.A., B.C.L., Premier, Minister of Education and Provincial Treasurer.

Hon. C. W. Cross, B.A., L.L.B., Attorney General.

Hon. W. H. Cushing, Minister of Public Works.

Hon. W. T. Findlay, Minister of Agriculture and Provincial Secretary.

Hon. L. G. DeVeber, Minister without portfolio.

Hon. C. W. Cross was sworn in as a member of the Executive Council today at 11:30 a.m. Hon. W. H. Cushing will be sworn in tonight on the arrival of the late train from Calgary. The other members have been summoned by wire and will be sworn in as soon as they reach the city. They will all be assigned their portfolios and the machinery of Alberta's Provincial Government will be set in motion at once.

HON. A. C. RUTHERFORD

Alexander Cameron Rutherford, the new Premier of Alberta, was born in the township of the county of Carleton Place, Ontario, on February 2nd, 1858. His father the late James Rutherford, being a farmer. His early education was received in the public and high schools of his county. In 1881 he graduated from McGill University B. A., B. C. L., and followed the study of law in Ottawa with the firm of Scott MacFarlane and McCracken, the head of the firm is now Hon. R. W. Scott secretary of state for Canada. After passing his law examinations he practiced law in Ottawa until 1895, when he decided to try his fortune in the west and came to Strathcona, then South Edmonton where he opened a law office.

In 1902 Mr. Rutherford was elected to the North West Legislature and at his first session was elected Deputy Speaker of the House, which position he occupied until the ending of the North West Government on August 31st.

Mr. Rutherford was married in 1888 to Miss M. Birkett, daughter of Mr. Wm. Birkett of Ottawa. Since coming to the West he has been regarded as one of Strathcona's leading citizens. He took a leading part in the incorporation of the town and has been its secretary and treasurer since that time.

Mr. Rutherford is a Baptist in religion and is a man of sterling integrity whose character is above reproach and under whose administration the province of Alberta is assured of clean competent Government.

SCOTT ASKED TO FORM CABINET

Winnipeg, Sept. 6th.—Water Scott has been invited, by His Honor, Lieut.-Governor Forget, to form a government for the province of Saskatchewan. He has not yet accepted.

PROF. SAUNDERS HERE

ACCOMPANIED BY A. MacKAY
OF INDIAN HEAD

The Head of the Ottawa Experimental Farm is on His Annual Tour of Inspection—Good Crops in the West

Prof. Wm. Saunders of the Dominion Experimental Farm, Ottawa, and Mr. A. MacKay, of the Indian Head Experimental Farm, are in the city. Prof. Saunders is on his annual tour of inspection and is going through the country. He was joined at Calgary by Mr. MacKay and together visited Macleod, Lebbridge, Cardston, Pincher, Cowley and other points in southern Alberta.

Prof. Saunders is enthusiastic about the crops in the West in general, and the sugar beet crop in the Card-

ston district promises to be double this year what it was last. Some 25,000 tons of beets will be produced this year and as 3,000,000 lbs. of sugar was produced last year, about six million is expected from the crop of 1905.

The beets grown at Cardston averaged last year 16 per cent of sugar, while beets grown in the best localities in Eastern Canada will not produce more than from 12 to 14 per cent.

It is two years since Prof. Saunders was in Edmonton and he sees a great change in the city. Mr. MacKay also remarked that the city had made great progress since he was here a couple of years ago and that its outlook for the future is indeed bright.

Mayor McKenzie, of Edmonton, is taking both of these gentlemen for a drive this afternoon through Clover Bar and some other farming districts in the neighborhood of Edmonton. They inspected the agricultural exhibit in Cameron's window and were very much pleased with the collection of farm products arranged in that window.

PEACE TREATY SIGNED

AMID BOOMING OF GUNS

The Japanese-Russian War Finally
Terminated in Portsmouth Yesterday

Portsmouth, Sept. 5.—The treaty of Portsmouth was signed shortly before four this afternoon in the conference room of the navy general stores at the navy yard. The firing of a general salute of twenty-one guns was the sign that told the people that the treaty was about to be signed and the bells were soon peeling forth in the towers of Kittery, Portsmouth and Newcastle. Suddenly an orderly dashed to the entrance of the peace building and waved his hand to the gunner a few feet away and the first shot of the salute rang out proclaiming peace between Japan and Russia.

Russia, in the agreement reached at Portsmouth, has relinquished her rights in Manchuria, with the exception of the common right of all nations to the "open door" as affects commerce, and she concedes, besides, control of Korea by Japan. The Mikado's government has withdrawn its demand for an indemnity for the cost of the war, for possession of interned Russian warships and for the limiting of Russia's naval power in the East, and "splits the difference" as regards Sakhalin Island. Charges for the care of prisoners of war will be decided by arbitration. Appended are the original demands of the Japanese envoys and the agreements and compromises effected:

Article 1. Recognition by Russia of Japanese preponderance in Korea, with the right to preserve order and to give military and financial advice to the emperor, but to maintain the policy of the "open door" and to observe the territorial integrity of Korea.—Agreed to.

Article 2. Mutual evacuation of Manchuria.—Agreed to.

Article 3. Obligation by Japan to restore Chinese sovereignty in Manchuria, including civil administration.

Article 4. Mutual obligations to respect in the future the territorial integrity and "administrative entity" of China and Manchuria, with equal opportunity ("the open door") for the industry and commerce of all nations.—Agreed to.

Article 5. Division of Sakhalin Island.—Russia to retain the northern part of the island and Japan the southern; that is, revert to the conditions that prevailed before 1875.

Article 6. Russia to surrender its leases of the Liaotung peninsula, including Port Arthur, Dairen and the Blomde and Elliott Islands.

Article 7. Surrender to China of the railway from Harbin to Port Arthur and New Chwang, with the surrender of all privileges obtained under the concession of 1898.—Agreed to.

Article 8. Limiting the Bohstein-Oghkosen concession of 1896, under which the cut-off road through northern Manchuria was built to connect the Trans-Siberian and Ussuri line, but providing for the ownership and operation of the road by the Chinese Eastern; and providing, further, for substitution in the future of Chinese Imperial police, for Russian railway guards.—Agreed to.

Article 9. Remuneration for the cost of the war (indemnity).—Abandoned by Japan, the cost of maintaining the prisoners of war to be arbitrated, which debt can be liquidated without loss of national honor or self-respect.

Article 10. Russia to surrender its warships now interned at Tsingtau, Shanghai, Saigon, and Manila.—Demand withdrawn.

Article 11. Limiting in the future the number of war vessels that Russia shall keep in the Pacific.—Demand withdrawn.

Article 12. Special fishery rights to citizens of Japan in waters of the Russian littoral from Vladivostok to the Behring Sea.

WHO PAYS THE PIPER?

The Bulletin is in receipt of a bound volume of "Protection and Prices," a series of articles reproduced from "Industrial Canada," the organ of the Canadian Manufacturers' Association. This is the book which was read and quoted by Conservative speakers on the platform of this constituency during the last Federal campaign and is published by the job department of the Toronto Mail. The present edition, we are informed, comprises 158,000 copies, the cost of which would run far up into the thousands of dollars. The manufacturers of Canada have not won a reputation for the gratuitous dissemination of knowledge and the interesting query arises: How and by whom is this expense to be borne? Directly, of course, by the manufacturers, but ultimately by whom? And by what channel is the reimbursement expected to come?

ALBERTA'S POPULAR PREMIER

The first step toward the formation of a Government for the Province was taken on Saturday when His Honor the Lieutenant-Governor called on Mr. A. C. Rutherford, ex-M.L.A., for the Strathcona district to select the first executive council. Mr. Rutherford requested a few days' deliberation before submitting the names of his proposed colleagues. The personnel of the council will probably be announced this week and the first ministers of the new Province will begin the organization of their departments and assume the duty of continuing the public business.

The selection of Mr. Rutherford is a matter of general and genuine satisfaction among the many in this district who have the pleasure of his acquaintance. For many years Mr. Rutherford has practised his profession in Strathcona where in the course of business and of politics in which he has taken an active part he has formed an acquaintanceship throughout the entire district and has established alike among friends and opponents a reputation for sterling integrity of character, singleness and unselfishness of purpose, and broad and thorough knowledge. No man could have been chosen from the entire Province in whom the public would place more complete confidence.

Alberta Liberals are naturally particularly gratified in the choice of Mr. Rutherford. For years he has been a stalwart fighter in the ranks in Federal affairs and when the Calgary convention accepted the Conservative challenge to fight on party lines, he was the unanimous choice for party leader. In his ability and worth his followers have every confidence and he will have their loyal and enthusiastic support.

FROM SCOTLAND

Lybster, Aug. 16, 1905.
 Editor Bulletin: I am sending you some information about my travels in Scotland. For about 30 miles along the coast here the fishing is a complete failure. The young people as they come to womanhood and marriage leave their homes and go to the south to Glasgow and Edinburgh or to London. They are just the kind of men and women we need out in Canada. They have to work hard to make a living and in the end really have nothing to keep them in their old age. Better people to work you cannot get. They work from four o'clock in the morning till ten at night, and are stout able men and women. I wish I could go off among the farmers around this country and inform them of the great inducements Canada offers to settlers to come to a land where they could be independent if they worked as hard as they do at home.

I have been talking to one farmer who will come out to Edmonton in the spring. His has five sons and one daughter and is a man by trade. Another farmer with four sons will also come. If transportation could be arranged I could get a good many more good settlers. As I tell the farmers of the farms they can get here for ten pounds sterling. It makes them stare. Only able bodied men able to work should be induced to come to our part of Canada and I am only trying to get such.

I am glad to get the Bulletin, which Mrs. McKay and I read with pleasure.
 Yours truly
 DUGAL McKAY.

TELEGRAPHIC

VICTORIAN ASHORE

Montreal, Sept. 2.—The Allan line royal mail steamship Victorian, one of the new turbines, with 350 passengers, general cargo and the mails for Great Britain, ran aground at Cape Charles, 120 miles below here and about thirty miles above Quebec, at noon. The liner had been steaming slowly in a thick fog, rendered thicker by dense smoke from forest fires on shore. The Allans have been informed that there is 19 feet of water in the forward hold of the steamer, and that she is hard aground forward with her stern protruding at an angle into the ship channel. All available wrecking appliances at Quebec have been despatched to Cape Charles, 50 miles below Quebec, to the assistance of the Leyland liner Virginian, which went aground there at three o'clock this morning while bound for this port with 3,000 tons of general cargo from Antwerp. This necessitated the sending of wreckers from this port. Tugs and lighters left here at 4 o'clock and are due at the steamer's side about midnight. The Allans have announced that a transfer of mails will be left entirely to the post office department, and officials there have not decided upon what action to take. The passengers of the stranded liner are quite comfortable and in no danger. They will be given the option of remaining over at the line's expense until the Allan liner sails from here next Friday or having their passage money refunded. strenuous efforts will be made to have the liner off as soon as possible.

Word has been received here that the Victorian is blocking the ship channel. The Dominion liner Kensington for Liverpool is sailing tomorrow morning and there are a number of freight steamers to leave. The government tug Frontenac will proceed to the scene of the grounding and winch directions to outgoing liners. Meanwhile all outward bound vessels will anchor at Batien, above Cape Charles.

CLOUDS OBSCURE THE ECLIPSE
 Ottawa, Sept. 4.—The following telegram has been received from Chief astronomer W. W. King, who was in charge of the Canadian party that went to view the eclipse of the sun in Labrador: "Plane table, Sept. 3.—Dense clouds on August 30 prevented observation of the sun at the time of the eclipse. Magnitude and minor observations were successfully taken. Signed, W. W. King."

IN TERROR OF TARTARS

ARMENIANS FOUGHT TROOPS

Refugees Pouring into Tiflis, and the Country Beyond the Caucasus is in Terror

St. Petersburg, Sept. 6.—A dispatch from Tiflis received today says: "The whole of the South Caucasus is now terrorized by Tartars. Refugees are pouring in here from Baku, Elisabets, Potanah, and Shusha. Details from Shusha show that several engagements were fought between Tartars and Armenians behind regular positions, and that a considerable part of the town was soon in flames. According to an official estimate over 200 houses were destroyed."

VERDICT AGAINST C. P. R.

Ottawa, Sept. 4.—The labor parade took place today in a downpour of rain. The day was observed as a general holiday.

The Similkameen and Kereawa Railway Co., represented by A. B. Aylesworth, has protested against the Victoria, Vancouver and Eastern taking part of their route. It was shown that the company never organized. One of the provisional directors is dead, another could not be found, and only the third was on hand. Judgment was reserved.

The commission gave judgment against the C.P.R. contention against the location of the G.T.P. westward from Portage la Prairie, 275 miles. Chairman Kilham decided that the approval of the Minister of Railways and the Governor-General was satisfactory and the board had no right to vary the route as asked for.

—The C.P.R. Telegraph wires are down east of Calgary.

—The executive of the Young Liberal Association meets in Garfield hall tomorrow evening.

—Banquet to Hon. C. W. Cross at the Alberta tonight. Tickets may be secured from the executive of the Young Men's Liberal Club.

—The Ladies Aid of Grace Methodist church propose holding a lawn social and tea on the lawn of Mr. A. T. Cushing, Namsay avenue on Tuesday next.

—The Edmonton Young Men's Liberal Club are tendering Hon. C. W. Cross, a complimentary banquet at nine o'clock. All Liberals and supporters of Mr. Cross are cordially invited to be present.

—I. D. McArthur has secured the contract for the construction of the new C.P.R. line out of Wetaskiwin, to begin about fifty miles out from that town. He has also secured the contract for grading fifty miles of the same line out of Saskatoon. Mr. McArthur will move his outfit as soon as their work is completed on the C.N.R. to the C.P.R. line.

—Mr. F. F. Pardee has been nominated as Liberal Candidate for West Lambton, Ont., to fill the vacancy in the House of Commons caused by the death of the late Dr. Johnston. M.P. Mr. Pardee is a brother of Mr. E. G. Pardee, manager of the bank of Montreal here. He was the representative of West Lambton in the Ontario Legislature for four years.

—Sergeant Fitzgerald and Constables Sutherland, Walker and Munro, of the R.N.W.M.P., arrived in the city on Sunday from Herschel Island, 150 miles from the mouth of the Mackenzie river. They left here two years ago last May to suppress the liquor traffic with the Esquimaux. They came out overland and have been on the way since July 18. Inspector Howard and party of five Mounted Police have relieved these men for two years. They left for Fort Saskatchewan today.

—Alberta Advocate: Several of our townsmen, intent on sport, have done us the honor to visit our domain on the hill during this week and though they came armed to the teeth and their mysterious figures prowling around night suggest at the midnight hour and after strange domes the explanation is, they were "their hunters" and not without good reason, a large specimen has been found for over a week and has been seen four or five times. Two shots were fired at him one night. On Tuesday night he again appeared and a charge of buck shot and a heavy

rifle bullet were given him. He was heard to groan badly indicating some success on the part of the hunters and he was followed for one half a mile by the dogs but up to the time of writing, his body still remains undiscovered. No jokes need be made at the expense of the boys as the nights were as dark as a cannon's mouth and sportmen will know how hard it is to aim by ear. A squint along the barrel is very necessary. We hope the boys may bring his pelts home in triumph.

A SOUVENIR EDITION OF THE "BULLETIN."

Owing to the large demand for copies of the Bulletin containing the account of the inaugural celebration the supplies of Saturday's and Monday's issues have been exhausted. In order to supply the demand, the entire account of the demonstration will be reproduced in Friday's semi-weekly. A large edition will be printed, but those desiring copies would do well to leave orders at the office.

BANQUET TO MR. CROSS

The Edmonton Young Men's Liberal Club are tendering the Hon. C. W. Cross a complimentary banquet at the Alberta Hotel at 9 o'clock this evening, on the occasion of his being formally sworn in as a cabinet minister. All Liberals and supporters of Mr. Cross are invited to be present. Hon. A. C. Rutherford, Peter Talbot, M.P., and other prominent men are expected to be present. Tickets may be secured at the Alberta Hotel office, or from the members of the executive committee of the Young Men's Liberal Club.

INFORMAL RECEPTION

The citizens of Strathcona gave Premier Rutherford a sort of informal reception on his return to the town on Saturday evening after he was sworn in as chief adviser to Lieutenant-Governor Bulyea. An open air meeting was held and a huge bon fire lighted. Speeches of a congratulatory nature were made by Mayor Davies, Messrs. O. Bush, N. D. Willis, Dr. McIntyre and Editors McDonald and Gordon. The whole citizenship of the town turned out to do honor to its first citizen, the Premier of Alberta. The Strathcona band enlivened the proceedings with music.

POTTER & McDOUGALL

NOTICES IN THE N. W. T. GAZETTE

The following appointments for Alberta were gazetted in the N. W. T. Gazette of August 26, the last issue of this historic publication:

Floyd Norval Reece, of Independence, Alta., to be a Justice of the Peace. Lucien Dubois, of Edmonton, a notary public. Karenus Olson Esq., of Banff, and Oscar Tesler, of Edmonton, commissioners for taking affidavits. Wm. Clement Davey, of Airdrie, and M. Leper, of Lacombe, game guardians. Burton C. Groat, of Ponoka, was announced as having resigned as Justice of the Peace.

The village of Claresholm was raised to the status of a town on August 31st.

The boundaries of the village of Leduc were increased by the addition of the north half of the southeast quarter and the east half of the North West quarter of Section 26 in Township 49 Range 25, west of the 4th Meridian; so that the area of the village shall now consist of the south east quarter of Section 26, the north east quarter of Section 26, the north half of the south quarter of Section 26, sit in Township 49 Range 25 west of the fourth Meridian, being 480 acres in all.

The judicial districts of Alberta were altered to take in the territory now belonging to the Province of Alberta when formerly belonged to other territories.

A new school district to be known as the Balfour school district No. 1283 of the N. W. T., with Alf. Lee, of Staveland, Alta., as senior trustee, was organized. Another district to be known as the Offord school district No. 1285, of N. W. T., with A. Larson, of Wotekivik, as senior trustee, was also gazetted.

Coleman school district No. 1215 is authorized to borrow \$2,000 to erect and furnish a new school. Leavings school district No. 1289 is authorized to borrow \$2,000 for the same purpose. The Rose Butte school district No. 1289 is authorized to borrow \$1,000 for the same purpose.

PAKAN ITEMS

Pakan, Aug. 30.—The pipes from the gas well are being removed by boat to the ferry landing preparatory for use elsewhere.

Messrs. Bonner, Anderson, Cromarty and Whitford have ordered a steam traction engine and threshing separator from the Abell Co.

Messrs. Woodyard & Son, contractors on Dr. Lawford's residence, are doing very creditable work here and will doubtless have the building finished satisfactorily at the time required by the contract.

Several large rafts of lumber passed here Tuesday from Cushing Bros., Edmonton.

It is reported that the contract for the government telegraph office will soon be let.

Our first frost came this week, but the potato crops in the village are only slightly touched.

Harvesting is proceeding. Zakarry Melchuk has a very fine field of wheat cut.

The secretary of the Grand Trunk Business College, at Winnipeg, the organizer, and the principal of the college to be established here, are in town and are making a systematic canvass for students prior to the opening which is expected to take place on Monday next in quarters to be decided on within the next day or so.

SEALED TENDERS addressed to the undersigned, and endorsed "Tender for heating apparatus, immigration building, Winnipeg, Man.," will be received at this office until Monday, September 18, 1905, inclusively, for the construction of a heating apparatus for the new immigration building, Winnipeg, Man.

Plans and specifications can be seen and forms of tender obtained at this Department, and at the Dominion Public Works Office, Winnipeg, Manitoba.

Persons tendering are notified that tenders will not be considered unless made on the printed form supplied, and signed with their actual signatures.

Each tender must be accompanied by an accepted cheque on a chartered bank, made payable to the order of the Honourable the Minister of Public Works, equal to ten per cent (10 p. c.) of the amount of the tender, which will be forfeited if the party tendering declines to enter into a contract when called upon to do so, or if he fails to complete the work contracted for. If the tender is not accepted the cheque will be returned.

The Department does not bind itself to accept the lowest or any tender.

By order, FRED GELINAS, Secretary.

Department of Public Works, Ottawa, August 19, 1905.

Newspapers inserting this advertisement without authority from the Department, will not be paid for it, 200 cts.

BIRCH LAKE DISTRICT

HOME OF PROSPEROUS SETTLERS

Good Crops Throughout the District—
Harvesting Delayed by Shortage
of Binder Twine

Gilpin, Aug. 28.—The immense farm of Mr. Miller which contains about five thousand acres is situated on the north side of Birch Lake and surrounded by water on three sides in the fact of a semi-circle of horse-shoe. Mr. Miller selected it in the first place for a stock ranch some three years ago, but on turning up the soil he found that it produced such excellent crops, he changed his mind and has gone into mixed farming. He has one hundred acres in crop this year and takes credit for being the first to harvest spring wheat and barley in the Vermillion Valley this season so far as he knows. He finished the first week of August. The spring wheat although the straw was not very heavy will turn out well and should rank No. 1. The barley is also a fine sample, bright and plump. He is the first to raise fall wheat in the valley and is preparing thirty acres to sow. Mr. Miller keeps two hired men and has turned over about eighty acres of prairie for next year. He has oxen and three teams of horses, a herd of over two hundred cattle, besides thirty or forty horses. He has a good sized frame house, two storages, which can be seen for miles in all directions owing to its elevated position. He came from Nebraska and has every confidence in the future of our province.

To the west over an arm of the lake is Spion Kop the farm of Mr. A. Watson, one of the prettiest places in Alberta. The lake with its wooded islands is in full view, and from Mr. Watson's house one can look in all directions as far as the eye can reach over the surrounding country. Mr. Watson came here two years ago from Washington. He left the north of England when seventeen years of age and spent about twenty years in dairying and farming in Minnesota, Dakota and Washington, but this is the poor man's paradise. He has the most implicit confidence in the future of Central Alberta. Last year he raised corn, tomatoes, celery &c. in the open field and planted all his corn this year from his own seed. He is going to order one hundred hardy apple trees to plant next spring. He predicts that Birch Lake with its beautiful islands and green shores will be a popular health and pleasure resort with steam yachts plying up and down the lake at no great distant date.

A little farther south is Lake View the farm of Mr. Riley Oyster which contains one section. It is situated on the south-west arm of the lake at the head of Forty-Nine Creek. It is well adapted either for stock raising or mixed farming. Mr. Oyster came here three years ago from Oklahoma and by industry and good management on the part of himself and wife they have turned wilderness into a garden around them. Mr. Oyster has forty acres in crop which he is busy harvesting and he would be hard to please indeed who would find fault with it. He has two teams of working horses, fifty-five head of cattle and two pens of Berkshire hogs, a comfortable house, fairly commodious stables and sheds. He keeps a few choice dairy cows and Mrs. Oyster prides herself in being an expert butter maker. She gets sale for nearly all her butter from neighboring bachelors. Besides her dairy cows she takes quite an interest in her poultry and has about one hundred Plymouth Rock hens and a flock of twenty-one wildgeese which she raised from eggs set under her.

Harvesting will be largely finished around Gilpin this week and it is the general opinion of all that it is the best crop ever reaped in this district.

Mr. M. Ogilvie Dinwoodie and Mr. M. Macnaughton Huntington, passed through here last Saturday on their return from a trip through the Heather Bras and Battleford country. They brought back samples of oats and spring wheat as souvenirs of their journey that would be hard to beat.

Mr. F. Kane the Conservative candidate for Vermillion, accompanied by Mr. John G. McIntosh, were, through this district lately on an electioneering tour. They did not hold meetings but conducted a house to house canvass. The directors of this party are all pretty much of one mind on politics. As long as Hon. Frank Oliver remains at the head of the Department of the Interior it will be useless for a Conservative to contest Vermillion and Mathew McCauley will have next to a walk over at the coming election. The farmers are looking to him as the future Minister of Agriculture.

Mrs. Brodie and Miss Ogilvie who have been here on a visit for some time left for their homes in the east today, delighted with the new country. They will remain in Edmonton for the inauguration ceremonies.

Among those who have gone to Edmonton for the great celebration on September 1st from here are Mr. Dinwoodie, Mr. B. Brodie, Mr. M. Ogilvie, Mr. R. Gibney and wife, Mr. Harris Deloeste and J. A. McDougall, Gilpin.

Mr. W. H. Hinkley, 50-12 who had two or three of the fingers of his right hand amputated for what the doctors thought was cancer last spring is now confined to his bed and his life is held by a very slender cord.

There is great demand for binder-

twine this year. All the dealers here are sold out and a number of farmers are left to stop harvesting last week until a supply arrives.

The Gilpin foot ball club continue their practice every Saturday afternoon and the boys have lots of fun. Mr. G. H. McLaughlin has sold out his boarding and stopping place, the half way house between Del Norte and Mannville and moved back to his farm east of Gilpin.

—A special meeting of the Women's Hospital Aid Society will be held on Thursday afternoon at 3 o'clock in the All Saints school room. A large attendance is requested as arrangements are to be made for the annual hospital ball.

—Wm. Kuyath was fined \$10 and costs, or \$20 in all, at the Police Court last evening for taking cattle out of the pound. After a while people will learn that it is dangerous to monkey with the pound and poundkeeper.

Both newspaper men were simply astonished and stated that it was the finest section of agricultural country they had ever visited.

—A number of the members of the staff of the new provincial government are expected to arrive on tonight's eleven o'clock train. As many of the staff are anxious to procure accommodation at once in private houses, any persons having board and room available tonight communicate by phone with Mr. J. K. Macdonald at Number 159.

—The C.P.R. is opening a ticket and freight office in the Helmick block. The options for the route into the city have nearly all passed and the prospects of the high level bridge lapse with them, for the present at least. It is gratifying to our citizens to know that the C.P.R. has at last realized that Edmonton is large enough to warrant the opening of a ticket office for the accommodation of the public here.

—There is still a real twine famine in the country. Many farmers have fields of grain that are now overripe and no twine can be procured with which to tie it. This is a serious matter and may mean much loss to the farmers in their harvest. This part of the country is so far from the base of the twine supply that in future twine will be ordered earlier. The crop being so much heavier than usual this year helps account for the shortage.

—The Photo Shows will appear in Strathcona on Wednesday of next week. The show appeared here some time since and made a most favorable impression on circus goers. The shows this year are said to have more novelties than ever before. Their merits are not being concealed by the agents for the circus. They want no one to be in a hurry of the sight to be seen beneath the tents which will be pitched and opened for the public during the two performances.

—Red Deer Advocate: C. H. Wade, Esq., J.P., of Edmonton, held a court in Red Deer on Friday last, when evidence was offered by the crown against Ole Mrobeck who stands charged with the murder of Hans Peter Hansen. Many witnesses were examined. The case was continued day by day to Tuesday last, when the case closed about 3 o'clock. Mr. Hyndman of Edmonton, addressed the court on behalf of the prisoner. This young barrister made a very able defence so far as it went, showing much skill and grasp of essential details in offering explanations and suggesting theories favorable to the accused. Mr. McKinnon, Crown prosecutor, replied and dealt with the main facts of the case and emphasized the failure on the part of the defence to offer any reasonable explanation. The magistrate stated that he had given considerable attention to the case, but there were one or two points raised in the speech for the prisoner which he would take time to consider, and he would adjourn the court to 8:30 when he would give his decision. At 8:30 the court again opened. The prisoner declared that he had not committed the murder. He was committed for trial on the charge.
